Professional Summary

Senior Finance Analyst targeting Lead FP&A roles in the San Francisco Bay Area, with 7+ years of experience transforming financial operations through strategic optimization and quantitative analysis. Demonstrated success in acting as an interim Finance Lead, directing monthly executive reporting (MBR), and owning the operating P&L. Committed to leveraging advanced financial modeling, SQL, and compliance expertise to uncover major cost savings, streamline forecasting workflows, and serve as a trusted advisor to senior leadership.

Relevant Experience

Senior Finance Analyst (FP&A) @ Westinghouse Electric Company

February 2026 – Present

Cranberry Twp, PA

- ▶ Spearheaded an SAP-driven deep-dive analysis into Op-Ex budget variances, identifying and eliminating redundant legacy technology expenses to capture **\$2M in cost savings**.
- ▶ Acted as **Finance Lead for the Quality department** during a management transition, assuming full P&L oversight and driving budget adherence to ensure operational continuity.
- ▶ Orchestrated the end-to-end Monthly Business Review (MBR) process, synthesizing complex financial data and presenting key performance drivers to senior executive leadership.
- ▶ Directed the OMS business planning process and rolling forecasts; proactively analyzed actuals-to-budget variances to present critical insights to senior leadership, ultimately tightening budget controls and improving long-range forecasting accuracy by 20%.
- ▶ Engineered driver-based financial models for billings and collections, providing executive leadership with enhanced bad debt visibility to proactively mitigate working capital risks.
- ▶ Architected scalable capacity models for 2000+ employees across annual budgets, optimizing cross-functional workforce utilization and improving resource allocation by 30%.

Senior Finance Analyst (FLDP) @ Westinghouse Electric Company

June 2023 – February 2026

Cranberry Twp, PA

- ▶ Built a SQL to Excel pipeline to consolidate historical financials and SAP data, cutting processing time by 80% and accelerating forecasts and trend analysis.
- ▶ Created AR trend visuals with Think-cell connecting Excel and PowerPoint, cutting reporting time by 30% and improving cross-functional visibility into cash cycles.
- ▶ Completed a dedicated **Accounts Payable** rotation by directly managing complex vendor workflows, payroll, and T&E; optimized SAP Ariba reconciliations to accelerate month-end close efficiency by 20% while proactively improving Days Payable Outstanding (DPO) to strengthen overall short-term corporate liquidity.
- ▶ Executed complex multi-currency financial consolidations during a **Global Accounting** rotation, standardizing intercompany reconciliations to accelerate the global month-end close cycle. Leveraged Workiva to produce compliant financial reports, cutting reporting time by 40% and supporting faster strategic business decisions.
- ▶ Designed and deployed a standardized checklist for complex planning and consolidation activities, establishing clear protocols and validation steps. This systematic approach reduced errors by 30% and significantly improved reporting accuracy across diverse cross-functional departments, ensuring data integrity for critical financial statements.

Global finance control Intern @ Westinghouse Electric Company.

May 2022 – August 2022

Cranberry Twp, PA

- ▶ Enhanced audit readiness by 25% and reduced SOC 1 reporting errors by 20% by monitoring 50+ SOX controls and deploying data-driven corrective measures.

Finance Analyst @ Northern Trust Corporation

November 2018 – May 2021

Bangalore, India

- ▶ Reconciled complex financial reports as a transfer agent for **over 10 high-value clients, such as Barclays and Blackrock, achieving 97% accuracy**. This critical function involved maintaining **strict adherence to Financial Conduct Authority (FCA) CASS7 regulations**, effectively minimizing regulatory breaches and ensuring client asset protection.
- ▶ Provided customized data solutions for audit teams, supporting **over 5 internal audits** and improving resolution time by **25%**.
- ▶ Engineered an automated exception-handling system to streamline cross-functional data pipelines for internal audits, reducing retrieval time by 90% and saving 120+ annual hours.
- ▶ Directed compliance upskilling for five team members on strict CASS6, CASS7, and FCA guidelines, successfully elevating team-wide regulatory accuracy and minimizing errors.
- ▶ Served as a critical member of CASS reconciliation team during 'Project Matrix,' a major organization-wide transformation, engineering macros to replace legacy manual processes.

Accountant @ Suvigyan Career Net Counselling Services Pvt. Ltd.

January 2018 – July 2018

Guwahati, India

- ▶ Supervised financial performance metrics and advised senior management on key strategic decisions, ensuring alignment with company objectives and contributing to a 15% increase in overall revenue growth within the fiscal year.

Partner and educator @ Leading Edge Tutorial

Mar 2016 – Jun 2017

Guwahati, India

- ▶ Spearheaded personalized tutoring programs incorporating visualization techniques to simplify complex financial concepts, raising average scores by 15%.
